Report of Principal and School Improvement Council

The 2007-08 school year was another successful year at Manning High School. There were 27 honor graduates in the class of 2008, which means that more than 19% of the graduating seniors earned at least a 3.62 cumulative average during their high school careers. A total of 33 seniors earned Academic Diplomas, which means they earned at least 26 units in challenging college preparatory classes, honors classes, or college credit classes with a cumulative average of at least a "C." Students earning a state High School Diploma are required to have 24 units. Thirty (30) percent of the senior class, a total of 42 students, qualified for either Hope or LIFE Scholarships, which will provide \$2,800 - \$5,000 per year towards college at any in-state institution provided students are able to maintain a 3.0 grade point average in college. Three (3) students in the graduating class of 2008 qualified for a Palmetto Fellow, earning \$6,700 towards their college tuition. Students in the class of 2008 earned approximately \$1,550,000 in scholarships to post-secondary institutions.

Manning High School continues to have success with the College Credit Program through Central Carolina Technical College. The college credits earned by our students will transfer to any public or private college in the state of South Carolina and to many colleges outside of this state. A total of 38 students attended college classes this past school year at no cost to the student or to his/her parents. We are very proud of our partnership with Central Carolina Technical College, which enables us to provide this valuable program to our students.

Manning High School initiated the APEX Learning System in our school this past year to assist students. APEX Learning can also be referred to as Credit Recovery which allows students who have failed a course to retake the course via the Internet. We are striving to increase our graduation rate and lower our failure rate by utilizing this program. The program is offered during the school year and during the summer to all of the students in need.

Manning High School continues its commitment to keeping this school on the cutting edge of technology in the state. The school has four state-of-the-art computer labs consisting of at least 25 computers each and all are connected to the Internet by high speed connections. The school also has a mobile computer lab consisting of 25 laptop computers that are networked. Manning High School has also been upgraded to having wireless Internet access throughout our entire building. Every classroom continues to be equipped with high speed Internet connections as well. Over 50% of our classrooms have plasma screen televisions that are utilized during instruction. We have begun to utilize "Smart Boards" and Promethean Activboards within our classes and discovered that class participation and student accountability has increased greatly.

I am pleased with the support the community continues to give to Manning High School.

Michael E. Shorter is the principal of Manning High School, and Mr. Robert Fleming is the Chairperson of the Clarendon School District Two Board of Trustees.
